# Fairview News

Dear Fairview Families,

What a wonderful first three days of school! I know I can easily speak for all Fairview Staff when I say how wonderful it was to welcome our children back to the building this week!

I wanted to take a moment to share a few reminders regarding morning arrival at Fairview. Students will be welcomed into the building beginning at 8:10 each morning. Students arriving via car should be dropped off at the **side parking lot** and walkers and bus riders may enter through the front doors. Please do not drop off students prior to 8:10 a.m., as supervision is not available until this time. Please do not drop students off in the bus circle or in the front parking lot as walking between cars and crossing where the busses travel is dangerous due to obstructed visibility.

As we move into our second week, students are to transition to classrooms independently. Beginning Tuesday, September 8, staff will be available to assist students who may need a helping hand to their classrooms. We kindly ask that families plan to say goodbye at the front doors if entering the building. Fairview will continue providing superior customer service to all families and provide extra support to students each morning.

We are committed to the safety and supervision of all students and we appreciate your help with adhering to our Visitor Policy and Morning Protocol. Our purpose in implementing this policy is not to keep families out of our building, but rather to keep our students safe. I realize that it may be difficult to send your little one independently to class, but please rest assured that staff is posted at the front and throughout the building to assist your child to class safely and comfortably.

Due to the natural hustle and bustle of the morning, it will not be possible to meet with teachers during arrival unless a previously scheduled meeting has been set. Teachers can be reached to set up an appointment at your convenience by email or by calling before or after school.

We appreciate your continued partnership with our teachers and staff and thank you in advance for assisting us with the implementation of our safety procedures. Should you have any questions or have other ideas as to how we can make our building processes run smoother, please don't hesitate to give me a call.

Regards,  
Celeste Beaudet, Principal

Special talent is not a requirement to volunteer at Fairview. There will always be a place for anyone interested in working with children, helping with teacher preparation, working in the library or office, or helping with a one-time event. We believe everyone has something important to share with the students for their learning experiences. School volunteers are required to have a background check prior to contact with students. Forms can be picked up in the office.

To ensure the safety of our students, all visitors, volunteers, and parents must register in the office and receive a visitor badge prior to going to any classroom.

Upon signing in at the office, parent volunteers agree to adhere to all Auburn School Department and Fairview School confidentiality guidelines as outlined in the *Volunteer Handbook*, which can be found on Fairview's website. Copies are also available in the office.

#### PTO Fall Fundraiser

The Fall Fundraiser will be running from **September 9-October 2**. Students will learn more about this at our Community Meeting on Wednesday. Please be looking for materials in your child's backpack!

### Attendance Matters

Our goal this year is to ensure that every student attends school regularly. Positive attendance is a key ingredient to keeping kids on track academically and in engaging them in all aspects of school life.

Showing up for school has a huge impact on a student's academic success starting in kindergarten and continuing through high school. Even as children grow older and more independent, families play a key role in making sure students get to school safely every day and understand why attendance is so important for success in school and in life.

We realize some absences are unavoidable due to health problems or other circumstances. But, we also know that when students miss too much school— regardless of the reason – it can cause them to fall behind academically.

Students must be in our building at 8:25 to be considered on time. If your child is late or absent, you will receive an automated call during the day. We want your child to be successful in school! If we can be of any assistance please feel free to contact us at 784-3559.
